

**Trooper from New York Dies.**  
WASHINGTON, April 26.—Corporal Emitt Troiso, Company G, Sixth Infantry, whose home was New York, died yesterday in the San Antonio (Mex.) hospital camp, the War Department was advised today.

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur  
It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhance its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advt.

## AUTOMOBILE BANDITS HOLD UP FREIGHT TRAIN AND ESCAPE WITH LOOT

Nine of Them Elude Three Detectives, Leaving No Clue.

The automobile bandits who have been holding up freight trains on the Erie Railroad for weeks fought their way out of a trap which had been set for them at Campbell Hall, Orange County, early today, and escaped with some loot. There were nine men in the band and they easily got away from three railroad detectives.

When the train stopped at a water tank, two automobiles, one containing five men and the other four, came from different directions and halted near the tracks. The detectives saw the men break open the door of a car and carry away two bales of Japanese silk.

Other detectives had been summoned by phone, but before they arrived the railroad detectives rushed to the door.

The other five thieves went to the aid of their companions and the detectives were driven off.

With silk and linen which the railroad values at about \$500 the bandits reached their automobiles and started in the direction of New York. The railroad detectives commandeered an automobile within a few minutes, but could not get within range of the robbers. The ferry lines from Jersey and the highways leading from the scene of the holdup were watched by police and deputy sheriffs, but no trace of the bandits was found.

**LOST SAVINGS AND LIFE.**

Victim Died When Vest With \$1,700 Was Mined.

In seeking advice to-day as to how she might get possession of the effects of her brother, Herman Kaney, Mrs. Lena Blum, No. 119 Grand Street, Hoboken, where Kaney died of heart failure last Thursday morning, revealed the pathetic circumstances which hastened his death. Kaney was engaged to a girl in Russia ten years ago, when he came to this country. He worked as a tailor in Boston, and subsequently in New York, finally saving \$2,000. Then he wrote to the girl, who is now in London, telling her he would be over right away to marry her and bring her back to New York.

On Tuesday, April 18, Kaney sewed \$1,700 in his vest, holding out \$300 for passage money, and left his Eldridge Street, rooming house for a round of farewell calls among his friends. The next day, while he was momentarily out of his room, the vest, which he had left hanging there, was stolen. He went over to Hoboken to tell his sister and was in such pitiful condition from the shock of losing his ten years' savings that his sister made him remain at her house that night. The next morning he died of heart failure.

## TWO YOUNG MEN FOUND IN GAS-FILLED ROOM

Landlady of Rooming House Finds New Lodger and Visitor Unconscious.

Two young men were found unconscious from gas poisoning in a furnished room at No. 68 Cranberry Street, Brooklyn, this morning by Mrs. Mary Morrissey. They were taken to the Brooklyn Hospital.

Mrs. Morrissey said one of the men rented a room from her last Monday, but did not give his name. She said he evidently came in early this morning accompanied by a friend. In the pockets of one man was an identification card which stated: "My name is M. La Farge, and my home is at No. 2264 Michigan Boulevard, Chicago, Ill. In case of accident notify M. La Farge, No. 67 East One Hundred and Twenty-second Street, Manhattan."

The sole means of identifying the other man was a letter which he had apparently written, but had not addressed. It was signed "Jack" and requested the person to whom it was sent to call him at Greenpoint 4908. This is the telephone number of the Brooklyn Union Gas Company. At the company's office it was stated that one of their employees, Jack Phaley, had not reported for work today.

**Timms, Old Policeman, Dead.**  
Oliver Timms, seventy-three years old, a retired lieutenant of police, for many years known as "the Shakespeare" authority of the Tenderloin, died last night in his home, No. 365 West Twenty-fourth Street.

## TO SAVE EYES

Is the Object of This Free Prescription—Try It if Your Eyes Give You Trouble.

Thousands of people suffer all the time with their eyes simply because they don't know what to do. They know a house remedy for every other ill, but none for their eyes. They abuse their eyes and neglect them, the trouble being too slight to drive them to an eye specialist, who would, anyway, charge more than they can afford to pay. Finally they may go to an optician or some cheap store and often get glasses they do not need, or which, after being worn two or three months, do their eyes more harm than good.

Here is a simple prescription for such cases. 5 grains opium dissolved in 2 ounces of water; use three or four times a day to bathe the eyes. This makes a healing, cooling, soothing lotion that should be used daily to cleanse, strengthen and preserve the eyes. It sharpens the vision and quickly overcomes inflammation and irritation. Weak, watery, overworked, tired eyes are greatly benefited by its use.

Many reports show that wearers of glasses have discarded them after a few weeks' use. It is good for the eyes and contains no ingredient which can injure the most sensitive eyes of infants or aged. Any druggist can fill this prescription; any physician who knows the formula will tell you it is absolutely harmless.—Advt.

## HASTINGS STRIKE OFF, TROOPS WILL GO HOME

Workers Finally Agree to Accept An Advance of Two Cents an Hour.

After a strike of fourteen days marked by violence and rioting which was stopped only by the calling out of the National Guard, the strikers at the National Cord and Cable Company factory at Hastings agreed today to return to work for an increase of two cents an hour. Their original demand was for a five-cent increase, but they accepted the company's offer with the stipulation that the strikers who were sent to jail would have the assistance of Mayor Thomas J. Goodwin in seeking their release.

The settlement was effected through Col. Michael J. Reagan of the State Board of Arbitration. The strikers were disorganized and had not held a meeting until Mr. Reagan brought them together.
